Children and Youth Karlstad Sweden
2010

Letter of support

Dear Mr. Lundgren,

It is with pleasure and interest I have noted that the World Summit Foundation has entrusted the city of Karlstad and Sweden to organise the next World Summit on Media for Children and Youth in 2010.

Personally and as Minister for Culture, I follow the issues on children's media with interest. The development that we have seen over the past decade with the Internet and other new media, and which children now have grown up with, is in my view something fundamentally positive. These media give children an incredible opportunity to express themselves and to participate in society. Therefore, it is important to encourage children to make use of the possibilities that media offer.

The Swedish Ministry for Culture support your coming work and welcome the event in Karlstad 2010. In relation to this, I wish you all success in your endeavours and look forward to take note of the results from the Summit.

Yours sincerely,

Lena Adelsohn Liljeroth
Minister for Culture
Sweden
